National PETE

2018 NPETE/CCCCHST/NESHTA Regional Instructor Conference

Interested in Speaking?

NPETE is always interested in having new presentations for conferences. If you are interested in speaking at not only this, but future NPETE Conferences please contact Hilary Kessler, Office Manager, at kessler@maine.rr.com

Registration Information

Please visit www.nationalpete.org to register online. Conference fees are \$110 per person and help cover the costs of the conference. Online registration is via paypal. You do not need to have a paypal account to register this way, it is however the only way we are able to accept credit card payments.

If you are unable to register online please find a downloadable form for printing on our website or use the form on the next page when mailing your check payment made out to NPETE to the attention of Hilary Kessler, Office Manager at NPETE.

Conference Topics Include but not limited to the following:

- Drum in a Box active Exercise with CCCHST Staff
- Chemical Identification with CCCHST Staff
- ICS/NIMS for Response Exercise with CCCHST Staff
- The Heritage Group - Research Lab Tour
- Best Practices in Teaching Adult Learners
- The Heritage Group - Environmental Services Remediation Plant Tour
- More TBD

This conference will also include the National PETE Annual Board Meeting, NESHTA Annual Meeting, and NESHTA's Board Meeting.

Share your work!

One of the great bonuses of the conference is sharing your experiences with other trainers. Do you have a new exercise or activity you have developed which you could share? If you are interested in having 10 - 15 minutes to share your creation, please contact Hilary Kessler, Office Manager, at kessler@maine.rr.com

Agenda topics are subject to change. A final agenda will be posted to www.nationalpete.org closer to the conference date. If you are interested in speaking please download a Call for Papers from the website and send to Hilary Kessler at kessler@maine.rr.com

Training Contact Hours - Attendees needing contact hours for re-certification may request a certificate for attendance from Hilary Kessler at kessler@maine.rr.com for full attendance at this conference.

2018 NPETE Conference Sponsors

National Partnership for Environmental Technology Education (NPETE)

Is a 501(c)(3) organization established to facilitate partnerships with educational institutions, industry, and government. NPETE serves the 50 states, tribal nations, US territories, and insular areas. Our network includes over 400 community, tribal & technical colleges, representing one third of America's two year institutions. Business, industry & governmental agency partnerships are integral to this network. NPETE's mission is to support the development and implementation of quality education and training programs at community & technical colleges; increase access by under-represented populations to NETE supported programs; facilitate & promote articulation around educational programs at the high school through postgraduate levels; promote the integration of STEM into program curricula; support the use of sustainable practices & technologies in workforce/economic development and competitiveness to meet the demands of a greening economy; advocate global environmental stewardship and literacy through national and international programs and partnerships in education and training. FMI: www.nationalpete.org

Advanced Technology Environment & Energy Center

Since 1994 ATEEC has been a national center of excellence in the NSF's program for ATE. The center is located in Bettendorf, IA and is a partnership of the HMTRI, NPETE, and the University of Northern Iowa. Our most recent partner is the National Renewable Energy Lab. ATEEC's mission is the advancement of environmental technology education through curriculum development, professional development, and program improvement in the nation's community colleges and high schools. The center's vision is to create a national network of community colleges, supported through public and private partnerships, that prepares and maintains an environmental technology workforce to address industry's needs and to promote the transfer of secondary students to higher education. ATEEC is operated under the auspices of Eastern Iowa Community College District (EICCD, Davenport, IA. FMI: www.ateec.org

Community College Consortium for Health & Safety Training (CCCHST)

Is one of twenty model worker training programs and the only community college consortium recognized and funded by the National Institute of Environmental Health Sciences (NIEHS). CCCHST has 134 organizational members located in 34 states and one US territory who annually train a minimum 20,000 students to protect themselves and their communities from exposure to hazardous materials encountered during hazardous waste site cleanup, Brownfields redevelopment, and transportation of hazardous materials, and response to spills and releases of hazardous materials.

NESHTA is a non-profit educational society for environmental, safety, health and other technical training and adult education professionals. Founded as the National Environmental Training Association, Inc., in 1977 with support and assistance from the U.S. Environmental Protection Agency, the National Environmental, Safety & Health Training Association is an international non-profit educational and professional society dedicated to promoting competency and excellence in worker training and education. Traditionally, our interests have concentrated on safety, health and environmental training mandated by laws or regulations. NESHTA members subscribe to the belief that competent training for workers is the most cost-effective tool for helping to assure worker safety, while also protecting our environment and achieving regulatory compliance. With hundreds of members worldwide, NESHTA is the network for academic, government, industrial, utility and consulting trainers and training managers responsible for protecting public health, workers, and our physical environment. Through this network, trainers can find the answer to virtually any question or the resource they may need for their work. NESHTA is the founder of the Certified Environmental, Safety and Health Trainer (CET)[®] program, which has been owned by the Board of Certified Safety Professionals (BCSP) since the beginning of 2012. NESHTA strongly recommends and supports voluntary professional certification and credentialing for training professionals in all fields. NESHTA is now a sponsoring member of BCSP.

THE HERITAGE GROUP

Since 1930, The Heritage Group has managed a diverse set of companies involved in highway construction and materials, environmental services, energy sales and marketing, and chemical refining. This vast experience allows for the diversity of a large conglomerate while maintaining the personal service of a smaller, customer focused, organization.

The Heritage Group is a growth-oriented company, both domestically and internationally, with operations in North America, Europe, and Asia and a client network that spans the globe. A long-term financial approach, combined with a conservative investment philosophy and a commitment to sustainability, has placed The Heritage Group on a solid foundation to pursue growth opportunities as they occur.

The focus of The Heritage Group is innovation, quality and service. At the core of this focus is Heritage Research Group, the research and development arm that provides new products, processes and training to improve the way The Heritage Group companies serve their clients. This entrepreneurial spirit has allowed the company to expand through formation of a number of new innovative start-ups and by sound strategic acquisitions. Heritage Research Group shares the commitment to use technology in a beneficial way, building competitive advantages in a global economy.

The Heritage Group is really a host of companies with one vision - building long term relationships with customers and vendors based on trust and confidence. A team approach to management allows The Heritage Group to provide creative and effective solutions to issues affecting our customers and their industries.

Post Conference Optional Kentucky Bourbon Distillery Tour

Saturday, April 28, 2018

Times: Drury Inn Pick-up: 6:30 AM and estimated return 11:00 PM

Cost: \$65/person with a limit of 10 people on a first come-first-serve-basis. Cost includes van ride and distillery entrance. Meals will be at the attendee's expense. Each distillery has a tasting room except for one.

To sign up for the Tour or for more information please email NESHTA Board Member Bruce Guiliani, at bruceg@thgrp.com and plan on sending the fee to Bruce directly at Bruce Guiliani, 5875 N 400 W, Bargersville, IN 46106

Schedule for the day:

Van Pick-up at Drury Inn - 6:30 AM - 3.5 hr. drive to Frankfort, Kentucky, snacks and coffee provided on the van.

1st Distillery & tour: **Buffalo Trace Distillery**, Frankfort, KY

Lunch Stop in Midway, KY at Darin Jeans Apple Cobbler Café (on your own) & limited time for shopping

1:15 PM (est.) depart for next distillery

2nd Distillery & tour: **Woodford Reserve**, Frankfort, KY

3rd Distillery drive by: **Castle & Key Distillery**, Frankfort, KY

4th Distillery & tour: **Glenn's Creek Distillery**, Frankfort, KY (start up distillery)

Depending on time, we will try to stop at Jephtha Creed Distillery on the way to Louisville.

Van ride back and dinner at Buckhead Mountain Grill in Louisville, KY (75 min. drive)

Return to Drury Hotel approximately 11:00 PM

Please note: This is a private excursion/tour, PETE/NESHTA have no involvement/liability, and attendee's must assume their own liability. PETE/NESHTA are only facilitating the collection of the tour fee and registration. Bruce Guiliani is the tour organizer and making the arrangements but assumes no liability. Attendees are responsible for their own behavior and any misconduct will not be tolerated.
